Old semi-detached farmhouse with large garden, garage and barn.

Lucca San Concordio - Our exclusive for the sale of an ancient farmhouse composed of two units:

1) The first is spread across the ground floor and first floor, with a total living space of 220 square meters. Completely renovated with high-quality finishes and state-of-the-art systems (new double-glazed windows, teak parquet floors), it is fully serviced (natural gas, sewer and water connections, and an artesian well).

The property is accessed from three entrances on the ground floor, where we find the living area consisting of a kitchen, a guest bathroom, a dining area, and a large living room with a fireplace. All overlook the large, ancient garden, lending the property great charm and the opportunity to fully enjoy the green space, where it is possible to create a space for outdoor lunches and dinners.

The first floor is accessed via an original stone staircase, where there is another living room or reading room (which could potentially be converted into a third or fourth bedroom), a large bedroom, a corner master bedroom, a study or third bedroom with a walk-in closet, a bathroom, two closets, and a balcony. Three exposures (south, east, and north) ensure abundant light.

The entire property includes a 135m2 barn, which has been converted into a large laundry room and double-volume storage rooms on

the ground floor, and a storage room on the first floor.

Covered parking space adjacent to the barn.

Property complete with large garden with centuries-old magnolia, rose garden and antique flower box of 660m2 and accompanying land of 890m2 in adjoining.

An additional garage is available outside the property.

To access the garden there are two entrances, one of which has an ancient gate.

2) The second one is located on the second floor and is accessed via a staircase from the external Tuscan terrace located on the west-facing side.

114m2 apartment comprising a large living room, kitchen, utility room/laundry room, bedroom with bathroom, hallway, large bathroom, and double bedroom.

The apartment is finished like the other unit, with high-quality finishes and water-treated teak parquet. All utilities are up to standard.

Both units are immediately habitable and have independent utilities. The second can also be made independent as access to the property to maintain relative privacy.
